

Project Graduation 2nd Meeting Sept.21,2009

Approx. 35 people in attendance 7:00-8:00 PM

Old Business:

We finalized things for the BBQ baked potato dinner on Friday night. We still need desserts to be made and delivered on Thursday to the Intermediate Campus. We made a base order to feed 600. Total cost should be around \$800. There will be a "Walk Down Memory Lane" with photos for sale in the Commons on Friday night and the athletic dept. will have a spirit booth there. Yearbooks will be on sale as well.

We also gave updates on the Fall Festival to be held Oct 3, rain date Oct. 17, from 10-2. Project Graduation does the food and games for this event. We currently have about 10 booths but will have as many extra as we need for seniors to come work them. Contact Laura Roberts or Lori Howard to work. They need donations of prizes, candy and cakes. All food and games will be sold with tickets and a main ticket booth will be set up. Denise will ask about putting flyers in Tues folders of students.

New Business:

We discussed the possibility of selling trash bags or green bags. Denise will ask if we can do pre-orders on trash bags and Amy Lourance will check on green bags.

We discussed the donation of 2 portrait sittings and portfolios. It was decided to run one as a raffle on Oct. 16 and 30 which are senior nights and one would be in auction at donkey ball in February. Traci Cameron will make tickets for the raffle.

Split the Pot will be done on Oct.16 and 30th games.

A garage sale was suggested and we decided to do it separately for better results.

Points were voted on and it was unanimous that we have a point system for attendance, donations of time, and money to be awarded to those seniors and their families that participate. The more points you have the more you earn above base on the final night.

Please send donations of candy, 12 packs of soda, small prizes, brownies and cookies with seniors name on them to the HS a.s.a.p.

Next meeting scheduled for Sept. 28 at 7:00 PM
